Garden of the Gods in Colorado Springs, Colorado

# Alert Management Systems Spring 2017 Newsletter

## Letter from the Presidents

It was wonderful to see so many clients, new and old, during our busy trade show season! Some of you won big drawings for televisions, tablets, and IAUA Registrations - great fun for all of us! Now that we're back at work, Alert EasyPro Version 18 is in general release, we've hired new Client Care staff, and we're getting started planning the International Alert User Association (IAUA) conference for 2017. Do you have suggestions? Email [voting@alertms.com](mailto:voting@alertms.com).

Co-Presidents  
Mary Crosslin  
and Kara  
Lawrence

Save the Date for IAUA! We'll "Solve the Rental Puzzle" together November 2-3, 2017. Join us for our annual User Conference in Colorado Springs!

Alert Management Systems would like to extend a very warm welcome to Diamond Rental, a 16-location RER Top-100 tool and Special Event Top 30 event rental company located in the Salt Lake City area. Diamond Rental has been in business for over 30 years, and are the leaders in rental in the Mountain West.

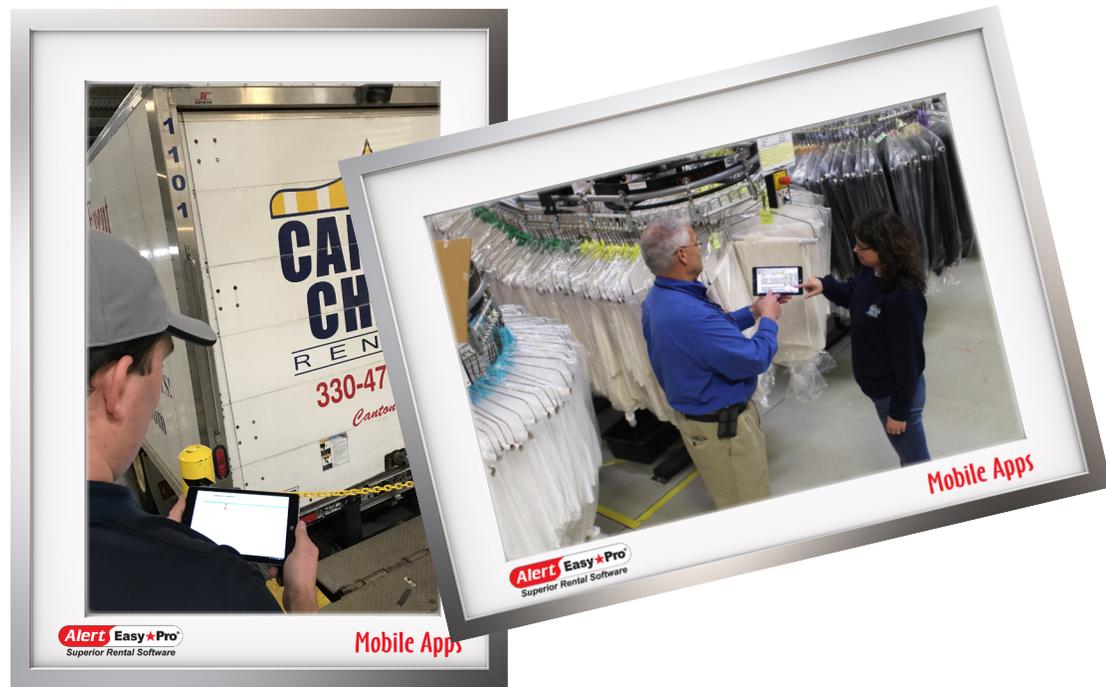

Also new to the Alert family is Modu-Loc, a global specialty rental company headquartered in Ontario, Canada. In operation since 1994, Modu-Loc serves a diverse client base in special events, construction, industry, retail, and municipalities. We're delighted to be working in partnership with such outstanding companies!

## Version 18 Highlights

Along with several previously announced features, Alert EasyPro Version 18 has dozens upon dozens of enhancements, which contribute to YOUR efficiency and profitability. A small sample:

- Document Center
- Purchase Order Dashboard
- Email is now included baseline
- Six new reports
- Approval Code gateway integration to optionally replace PAYware Connect
- Cycle Billing and Advance Billing enhancements

Have you ever wondered if you can run Alert EasyPro on a tablet? Without having to use a remote desktop product? Behold! Alert sessions can run on any Windows device! Contact us for details on how to improve your efficiency!

## ***Renting Modular***

With several modular rental companies joining the Alert family, what should you know about Alert EasyPro? We can help you with:

- ▶ Precise Inventory Tracking that evolves as your inventory does
- ▶ Billing automation, including recurring credit card processing, accounts receivable management, and customer management
- ▶ As you modify your inventory for client specifications, Alert allows you to search your assets by those modifications (i.e. overhead door, handicap bathroom, etc.)
