Winter | Issue 1 | Date: January 3, 2017

2017 DEVELOPMENT

Alert Management Systems is developing exciting new features releasing in the annual update in 2017.

Dozens upon dozens of new features were added, including:

- Complete re-write of fax and e-mail inside Alert, which is more intuitive, more efficient, and secure (using SSL/TLS encryption)

- Document Center (more on p2)

- Counter and ticket improvements, including more security

- Work order module updates

- A completely new Purchase Order Dashboard added to the popular Operator Dashboard

- QuickBooks Interface updates

- Sign & Rent enhancements

APPROVAL CODE

Alert Management Systems is pleased to announce a new relationship with Approval Code, of Huntington Beach, CA. Approval Code is an industry-leading provider of payment processing solutions.

Alert's clients will now be able to use Approval Code's secure gateway with Alert EasyPro's Integrated Credit Card Processing feature.

Benefits of this relationship are:

- Reduced credit card processing rates (Approval Code has saved Alert clients thousands of dollars throughout the past decades.)

- Simplified pricing - one rate covers everything related to credit cards.

- Superior customer relationships: Approval Code offers proven top-notch customer service, with one phone number to handle anything related to credit card processing.

- Secure payment processing gateway, integrated with Alert EasyPro. Credit cards will be securely stored, processed, and transmitted.

- PCI Compliance and certification is included.

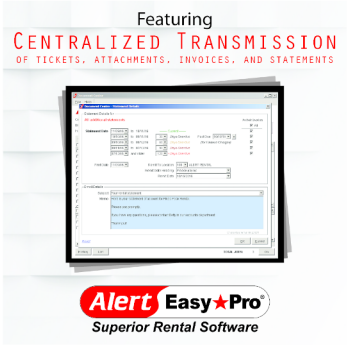
DOCUMENT CENTER



Document Center is the culmination of studious feedback from Alert's clients on how to most efficiently process bids, reservations, contracts, and statements. Alert EasyPro users will now be able to handle any transmission from a single screen. Intuitive graphical features, such as a split screen and filters, save time and money.

<u>The six processes consolidated in Document Center are:</u>

1) Batch transmission of statements (with our without invoices),

2) Batch sending of unpaid AR invoices by date range,

3) Batch distribution of upcoming open reservations by date range,

4)Batch printing with reservation conversion,

5) Batch printing of tickets without conversion,

6) Ad-hoc invoice printing/transmission from the customer record

Call us at 800-530-8050 for a demonstration of Document Center, and the rest of the innovative Alert EasyPro!
